>>: Xtiva Makes Inc. 5000 Fastest Growing Companies List Again!

NEW YORK – September 29, 2009 – Inc. Magazine recently ranked Xtiva Financial Systems on its 3rd annual list of the fastest growing companies in the U.S. The list represents the most comprehensive look at the most important segment of the economy—America’s independent-minded entrepreneurs. Consumer electronics maker Vizio, Internet giant GoDaddy, rental car service Zipcar, and beverage maker Honest Tea are among the prominent brands featured on this year's list.

“Savvy trend spotters and those who invest in private companies know that the Inc. 5000 is the best place to find out about young companies that are achieving success through a wide variety of unprecedented business models, as well as older private companies that are still expanding at an impressive rate,” said Inc. 5000 project manager Jim Melloan. “That’s why our list is so eagerly anticipated every year.”

Xtiva’s business performance management portal is the first industry-integrated approach to truly integrated compensation management, sales performance measurement, institutional client performance management and business policy management. Xtiva’s offering supports today’s needs for a managed solution in meeting a wide range of business, operations, finance, and technology needs. The Xtiva portal combines Xtiva’s next generation data consolidation, calculation, and business rules engines integrated with MicroStrategy’s leadership in business intelligence in one seamless Software-as-a-Service suite of products. Xtiva's Business Management Portal delivers the industry’s most comprehensive and flexible reporting and analytics capabilities; providing Xtiva clients with the advanced tools they need to drive their businesses forward.

Xtiva’s business performance management portal enables clients to:

- + Improve the quality and focus of reporting across the enterprise
- + Reduce total cost of ownership of advanced enterprise reporting solutions
- + Manage revenue and expenses more effectively
- + Bridge gaps between regulatory and financial reporting
